+1 ud83dudd11. I love this game. I love that it's Bejeweled with a storyline! You're a dude who is fighting his way through dungeons by matching the tiles below. He needs a score of 10,000,000 (the name of the game) in order to be free. Each tile does its own thing and are not always suited for the task at hand, but the game advises you to just make the matches you can because it's better than doing nothing. And it's true! The scene above the tiles, is a side scroller that wants to push you off the screen. So

just keep making those matches and hope some of them line up to be what you need otherwise, you'll find yourself back in your room needing to start over. There's also an upgrade system that will help you get better and stronger and tasks you can complete for a boost in gold, experience, or materials you need. Really it's a stellar game and even though it only has like 3 songs, they are bopping! I highly recommend this game.. +1 ud83dudd11. I love this game. I love that it's Bejeweled with a storyline!
